ILLUMINATE YOUR BRANDS

**USB FLASH DRIVE WITH LIGHT-UP LOGO
BY LASER ENGRAVING.**

FLASH DRIVE

**MAKES AN IMPRESSIVE & PRACTICAL CORPORATE GIFTS
WHILE PROMOTING YOUR BRAND AT THE SAME TIME.**

We specialize in importing quality USB Flash Drives for promotional purposes. Our USB Flash Drives are sourced from reputable factories using quality components such as Samsung or Toshiba and carry a warranty against defects. We pride ourselves on high standard levels and after sales services to ensure you peace of mind when dealing with us.

REASONS WHY YOU CHOOSE US AS YOUR USB FLASH DRIVE SOURCE.

- We import original chips separately and after testing & quality checking, We fix them in USB shells.
- We never import duplicate or upgrade chips and we offer warranty against defect.
- Fast delivery from ready stock.
- Big variety and range of products to select.
- Competitive prices with higher quality.
- Mock Ups and E-Samples

WHAT ARE UPGRADED CHIPS?

Unfortunately some manufacturers using a lower capacity memory and selling as a higher capacity memory.

WHAT ARE UPGRADED CHIPS?

1. They use a software to upgrade 1 GB to 4GB. When using the chip in your computer it shows 4GB but can't accept files more than 1 GB because the real capacity is 1 GB.
2. They use 4 pcs of 1 GB chip instead of 1 piece 4 GB memory. When you save a file more than 1 GB it will show an error and if you save a file less than 1 GB it will be saved but when you need to reopen the file, as it is not clear in which one of the chips is saved. again

**We never use upgrade chips
We use only original chips!**
